SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier
   Product name : 2053 Reducer
   Product form : Mixture
   Other means of identification : 2053

1.2. Relevant identified uses of the substance or mixture and uses advised against

1.3. Details of the supplier of the safety data sheet
   New Nautical Coatings, Inc.
   Sea Hawk Premium Yacht Finishes
   14805 49th Street North
   Clearwater, FL 33762
   USA Only: 1-800-528-0997
   International: (727) 523-8053

1.4. Emergency telephone number
   Emergency number : CHEMTREC day or night inside USA & Canada
   1-800-424-9300
   CHEMTREC day or night outside USA & Canada
   +1-703-741-5970
   Poison Control Center
   1-800-222-1222

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture
   GHS-US classification
   Flam. Liq. 2  H225
   Eye Irrit. 2A  H319
   Skin Irrit. 2  H315
   Acute tox.inhala. 4  H332
   STOT.single expo. 3  H355
   Aquatic Acute 3  H402

2.2. Label elements
   GHS-US labelling
   Hazard pictograms (GHS-US) : GHS02  GHS07
   Signal word (GHS-US) : Danger
   Hazard statements (GHS-US) :
   H225 – Highly flammable liquid and vapour
   H315 - Cause skin irritation
   H319 - Causes serious eye irritation
   H332 – Harmful if inhaled
   H355 - May cause respiratory irritation
   H366 – May cause drowsiness or dizziness
   H402 - harmful to aquatic life
   Precautionary statements (GHS-US) :
   P201 - Obtain special instructions before use
   P202 - Do not handle until all safety precautions have been read and understood
   P208 - Keep away from heat, hot surfaces, open flames, sparks. - No smoking
   P209 - Keep container tightly closed
   P240 - Ground/bond container and receiving equipment
   P241 - Use explosion-proof ventilating equipment
   P242 - Use only non-sparking tools
   P243 - Take precautionary measures against static discharge
   P260 - Do not breathe dust, fume, gas, mist, spray, vapours
   P261 - Avoid breathing dust, fume, gas, mist, spray, vapours
   P264 - Wash hands, forearms and face thoroughly after handling
   P270 - Do not eat, drink or smoke when using this product
   P272 - Contaminated work clothing must not be allowed out of the workplace
   P273 - Avoid release to the environment
2053 Reducer Safety Data Sheet

Prepared according to Federal Register / Safety Data Sheet 2053

Symptoms/injuries after ingestion

Symptoms/injuries after eye contact

Symptoms/injuries after skin contact

Symptoms/injuries after inhalation

First aid measures after ingestion:
- IF SWALLOWED: Rinse mouth thoroughly. Do not induce vomiting without advice from poison control center or medical professional. Get medical attention immediately.
- If you feel unwell, seek medical advice (show the label where possible).

First aid measures after skin contact:
- IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin with water for at least 15 minutes. Get medical attention immediately.

First aid measures after eye contact:
- IF IN EYES: Immediately flush with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do so. Get medical attention immediately. Continue rinsing.

First aid measures after skin contact:
- IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin with water for at least 15 minutes. Get medical attention immediately.

First aid measures after inhalation:
- IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Get medical attention. If breathing is difficult, supply oxygen. If breathing has stopped, give artificial respiration.

First aid measures after eye contact:
- IF IN EYES: Immediately flush with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do so. Get medical attention immediately. Continue rinsing.

First aid measures after skin contact:
- IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin with water for at least 15 minutes. Get medical attention immediately.

First aid measures after inhalation:
- IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Get medical attention. If breathing is difficult, supply oxygen. If breathing has stopped, give artificial respiration.

First aid measures after skin contact:
- IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin with water for at least 15 minutes. Get medical attention immediately.

First aid measures:
- P280 - Wear eye protection, protective gloves, protective clothing
- P301+P310 - IF SWALLOWED: Immediately call a doctor, a poison center
- P301+P312 - If swallowed: Call a doctor, a poison center if you feel unwell
- P302+P352 - if on skin: Wash with plenty of soap and water
- P303+P361+P353 - IF ON SKIN (or hair): Take off immediately all contaminated clothing, Rinse skin with water/shower
- P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing
- P307+P311 - if exposed: Call a poison center/doctor
- P308+P313 - if exposed or concerned: Get medical advice/attention
- P314 - Get medical advice/attention if you feel unwell
- P321 - Specific treatment (see first aid instructions on this label)
- P330 - Rinse mouth
- P331 - Do NOT induce vomiting
- P333+P313 - if skin irritation or rash occurs: Get medical advice/attention
- P337+P313 - If eye irritation persists: Get medical advice/attention
- P362+P364 - Take off contaminated clothing and wash it before reuse
- P370+P378 - In case of fire: Use alcohol resistant foam, sand, carbon dioxide (CO2) to extinguish
- P391 - Collect spillage
- P403+P235 - Store in a well-ventilated place. Keep cool
- P405 - Store locked up
- P501 - Dispose of contents/container to a licensed hazardous-waste disposal contractor or collection site except for empty clean containers which can be disposed of as non-hazardous waste

2.3. Other hazards
Other hazards not contributing to the classification: None under normal conditions.

2.4. Unknown acute toxicity (GHS US)
No data available

SECTION 3: Composition/information on ingredients

3.1. Substance
Not applicable

3.2. Mixture

SECTION 4: First aid measures

4.1. Description of first aid measures

First-aid measures general:
- Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).

First-aid measures after inhalation:
- IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Get medical attention. If breathing is difficult, supply oxygen. If breathing has stopped, give artificial respiration.

First-aid measures after skin contact:
- IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin with water for at least 15 minutes. Get medical attention immediately.

First-aid measures after eye contact:
- IF IN EYES: Immediately flush with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do so. Get medical attention immediately. Continue rinsing.

First-aid measures after ingestion:
- IF SWALLOWED: Rinse mouth thoroughly. Do not induce vomiting without advice from poison control center or medical professional. Get medical attention immediately.

4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries:
- Harmful if swallowed. May be fatal if swallowed and enters airways. May cause an allergic skin reaction. Causes serious eye irritation. May cause genetic defects. May cause cancer. Suspected of damaging fertility. Suspected of damaging the unborn child. Causes damage to organs (central nervous system). May cause damage to organs through prolonged or repeated exposure.

Symptoms/injuries after inhalation:
- May cause respiratory irritation.

Symptoms/injuries after skin contact:
- May cause an allergic skin reaction.

Symptoms/injuries after eye contact:
- Causes serious eye irritation.

Symptoms/injuries after ingestion:
- Harmful if swallowed. May be fatal if swallowed and enters airways.
Chronic symptoms: May cause genetic defects. May cause cancer. Suspected of damaging fertility. Suspected of damaging the unborn child. Causes damage to organs. May cause damage to organs through prolonged or repeated exposure.

4.3. Indication of any immediate medical attention and special treatment needed
No additional information available

SECTION 5: Firefighting measures

5.1. Extinguishing media

5.2. Special hazards arising from the substance or mixture
Fire hazard: Flammable liquid and vapour.
Explosion hazard: Product is not explosive. Under fire conditions closed containers may rupture or explode.
Reactivity: No dangerous reactions known under normal conditions of use.

5.3. Advice for firefighters
Firefighting instructions: Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Do not dispose of fire-fighting water in the environment.
Protection during firefighting: Do not enter fire area without proper protective equipment, including respiratory protection.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures
6.1.1. For non-emergency personnel
Protective equipment: Wear Protective equipment as described in Section 8.
Emergency procedures: Evacuate unnecessary personnel.

6.1.2. For emergency responders
Protective equipment: Wear suitable protective clothing, gloves and eye or face protection. Approved supplied-air respirator, in case of emergency.

6.2. Environmental precautions
Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters. Avoid release to the environment.

6.3. Methods and material for containment and cleaning up
For containment: Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams. Scoop solid spill into closing containers or bags. Small quantities of liquid spill: take up in non-combustible absorbent material and shovel into container for disposal.
Methods for cleaning up: Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13). Exclude sources of ignition and ventilate the area. Waste from this product may be hazardous as defined under RCRA (40 CFR 261).

6.4. Reference to other sections
No additional information available

SECTION 7: Handling and storage

7.1. Precautions for safe handling
Precautions for safe handling: Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Avoid contact with eyes. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Keep container closed when not in use. Containers of this material may be hazardous when emptied. Do not breathe mist, spray.

7.2. Conditions for safe storage, including any incompatibilities
Storage conditions: Keep only in the original container in a cool, well ventilated place away from: Direct sunlight, Heat sources. Keep container closed when not in use.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

<table>
<thead>
<tr>
<th>Substance</th>
<th>ACGIH STEL (ppm)</th>
<th>OSHA PEL (TWA) (mg/m³)</th>
</tr>
</thead>

<td>200 ppm</td>
<td>200 ppm</td>
</tr>
</tbody>
</table>
8.2. Exposure controls

**Appropriate engineering controls**: Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Use explosion-proof equipment with flammable materials. Ensure adequate ventilation, especially in confined areas.

**Hand protection**: Use gloves chemically resistant to this material when prolonged or repeated contact could occur. Gloves should be classified under Standard EN 374 or ASTM F1296. Suggested glove materials are: Neoprene, Nitrile/butadiene rubber, Polyethylene, Ethyl vinyl alcohol laminate, PVC or vinyl. Suitable gloves for this specific application can be recommended by the glove supplier.

**Eye protection**: Wear eye protection, including chemical splash goggles and a face shield when possibility exists for eye contact due to spraying liquid or airborne particles.

**Skin and body protection**: Wear long sleeves, and chemically impervious PPE/coveralls to minimize bodily exposure.

**Respiratory protection**: Wear a NIOSH-approved (or equivalent) full-facepiece airline respirator in the positive pressure mode with emergency escape provisions. In case of inadequate ventilation or risk of inhalation of vapors, use suitable respiratory equipment with gas filter (type A2). Use a positive-pressure air-supplied respirator if there is any potential for an uncontrolled release, exposure levels are not known, or any other circumstances where air-purifying respirators may not provide adequate protection.

---

Log Pow : No data available
Log Kow : No data available
Viscosity, kinematic : No data available
Viscosity, dynamic : No data available
Explosive properties : No data available
Oxidising properties : No data available
Explosive limits : No data available

9.2. Other information
Volatile organic compounds (VOC) 0g/l

SECTION 10: Stability and reactivity

10.1. Reactivity
No dangerous reactions known under normal conditions of use.

10.2. Chemical stability
Stable under recommended handling and storage conditions (see section 7).

10.3. Possibility of hazardous reactions
None known.

10.4. Conditions to avoid

10.5. Incompatible materials
No data available.

10.6. Hazardous decomposition products
No data available.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity : Oral: Harmful if swallowed.

4-chlorobenzotrifluoride (98-56-6)
LD50 oral rat >6800 mg/kg
LD50 dermal rabbit >2700 mg/kg
LC50 inhalation rat (mg/l) 33 mg/l/4h

Tert-Butyl Acetate (540-88-5)
LD50 oral rat 4500 mg/kg
LD50 dermal rabbit 2000 mg/kg
LC50 inhalation rat (mg/l) 12.52 mg/l/4h

Skin corrosion/irritation : Not classified
Serious eye damage/irritation : Causes serious eye irritation.
Respiratory or skin sensitisation : May cause an allergic skin reaction.
Germ cell mutagenicity : May cause genetic defects.
Carcinogenicity : May cause cancer.

4-chlorobenzotrifluoride (98-56-6)
IARC group 3 - Not classifiable

Tert-Butyl Acetate (540-88-5)
IARC group 3 – Not classifiable

Reproductive toxicity : Suspected of damaging fertility or the unborn child.
Specific target organ toxicity (single exposure) : Causes damage to organs (central nervous system)
Specific target organ toxicity (repeated exposure) : May cause damage to organs through prolonged or repeated exposure.

Aspiration hazard : May be fatal if swallowed and enters airways.
Symptoms/injuries after inhalation : May cause respiratory irritation.
Symptoms/injuries after skin contact : May cause an allergic skin reaction.
Symptoms/injuries after eye contact : Causes serious eye irritation.
Symptoms/injuries after ingestion : Harmful if swallowed. May be fatal if swallowed and enters airways.

Safety Data Sheet
Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Chronic symptoms: May cause genetic defects. May cause cancer. Suspected of damaging fertility. Suspected of damaging the unborn child. Causes damage to organs. May cause damage to organs through prolonged or repeated exposure.

SECTION 12: Ecological information

12.1. Toxicity
Ecology - general: Toxic to aquatic life. Toxic to aquatic life with long lasting effects.

12.2. Persistence and degradability
No additional information available

12.3. Bioaccumulative potential
No additional information available

12.4. Mobility in soil
No additional information available

12.5. Other adverse effects
No additional information available

SECTION 13: Disposal considerations

13.1. Waste treatment methods
Waste treatment methods: Do not discharge to public wastewater systems without permit of pollution control authorities. No discharge to surface waters is allowed without an NPDES permit.

Waste disposal recommendations: Dispose in a safe manner in accordance with local/national regulations. Do not allow the product to be released into the environment.

SECTION 14: Transport information

In accordance with DOT
Transport document description: UN1263 Paint related material (including paint thinning, drying, removing, or reducing compound), 3, III

UN-No.(DOT): 1263
DOT NA no.: UN1263
Proper Shipping Name (DOT): Paint related material including paint thinning, drying, removing, or reducing compound

Department of Transportation (DOT) Hazard Classes: 3 - Class 3 - Flammable and combustible liquid 49 CFR 173.120

Hazard labels (DOT): 3 - Flammable liquid

Packing group (DOT): III - Minor Danger

Additional information
Other information: No supplementary information available.

Transport by sea
No additional information available

Air transport
No additional information available

SECTION 15: Regulatory information

SECTION 16: Other information

Indication of changes : Revision 1.0: New SDS Created.
Revision date : 07/26/2016
Other information : Author: NMR.

NFPA health hazard : 3 - Short exposure could cause serious temporary or residual injury even though prompt medical attention was given.
NFPA fire hazard : 3 - Liquids and solids that can be ignited under almost all ambient conditions.
NFPA reactivity : 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.
